INDEPENDENT AUDITOR'S REPORT

The Legislative Audit Committee
of the Montana State Legislature:

Introduction

We have audited the 2017 Normal Employer and Non-Employer Contributing Entity Contributions and 2017 Employer Allocation Percentage columns (specified columns) on the accompanying Schedule of Employer and Non-Employer Contributing Entity Allocations for the Teachers' Retirement System as of and for the fiscal year ended June 30, 2017, for the purpose of financial reporting for fiscal year 2018. We have also audited the End of Year Net Pension Liability, Total Deferred Outflows of Resources, Total Deferred Inflows of Resources, and Total Employer Pension Expense (specified total amounts) reported as Collective Pension Amounts of the System on the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity. In addition, we have audited the related notes to the schedules.

Management's Responsibility for the Financial Schedules

Management, the Teachers' Retirement Board (board) and its staff, is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this responsibility includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the specified columns on the Schedule of Employer and Non-Employer Contributing Entity Allocations and the specified total amounts on the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the specified columns and specified total amounts are free from material misstatement. This report does not include the results of our testing of internal control over financial reporting or compliance and other matters; results are addressed through our separately issued financial audits of the Teachers' Retirement System.

An audit involves performing procedures to obtain audit evidence about the specified columns in the Schedule of Employer and Non-Employer Contributing Entity Allocations, the specified total amounts on the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity, and disclosures. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the specified columns on the Schedule of Employer and Non-Employer Contributing Entity Allocations and the specified total amounts included in the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the board's preparation and fair presentation of the specified columns on the Schedule of Employer and Non-Employer Contributing Entity Allocations and the specified total amounts included in the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the board's

internal control, and accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the specified columns on the Schedule of Employer and Non-Employer Contributing Entity Allocations and the specified total amounts on the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the 2017 Normal Employer and Non-Employer Contributing Entity Contributions and 2017 Employer Allocation Percentage columns on the Schedule of Employer and Non-Employer Contributing Entity Allocations (pages 1-35) and the specified total amounts on the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity, summarized below, are presented fairly, in all material respects for the Teachers' Retirement System as of and for the fiscal year ended June 30, 2017, for the purpose of employer financial reporting for fiscal year 2018, in accordance with accounting principles generally accepted in the United States of America.

Collective Pension Amounts of the System totals (page 53)	
Column Title	Amount
End of Year Net Pension Liability	\$1,686,080,457
Total Deferred Outflows of Resources	\$6,200,759
Total Deferred Inflows of Resources	\$16,242,259
Total Employer Pension Expense	\$129,110,342

Other Matters

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Teachers' Retirement System as of and for the fiscal year ended June 30, 2017, and our report thereon, dated December 20, 2017, expressed an unmodified opinion on those financial statements.

The Schedule of Employer and Non-Employer Contributing Entity Allocations and the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity for the Teachers' Retirement System as of and for the fiscal year June 30, 2017, for the purpose of employer financial reporting for fiscal year 2018, includes partial prior-year comparative information. Such information does not include all information required or sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Schedule of Employer and Non-Employer Contributing Entity Allocations and the Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity for the Teachers' Retirement System for the fiscal year ended June 30, 2016, for the purposes of employer financial reporting for 2017, from which such partial information was derived.

Restriction on Use

Our report is intended solely for the information and use of the Teachers' Retirement System, board and its staff, Teachers' Retirement System employers and their auditors, and the Montana Legislature and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

/s/ Cindy Jorgenson

Cindy Jorgenson, CPA

Teachers' Retirement System State of Montana

Note to Schedule of Employer and Non-Employer Contributing Entity Allocations (Schedule D) and Schedule of Pension Amounts by Employer and Non-Employer Contributing Entity (Schedule E)

In accordance GASB Statement 68 (the standard), for the purpose of financial reporting, the amounts and percentages in Schedule D and E will be utilized by each employer of the System to present their proportionate share of liability and pension amounts associated with the employer's participation in Teachers' Retirement System (TRS). The schedules were prepared by Cavanaugh Macdonald Consulting, LLC; however the report and schedules herein are the responsibility of TRS management.

The Schedule of Employer and Non Employer Contributing Entity Allocations (Schedule D) displays the proportionate relationship of each employer to all employers and each employer's allocation percentage. Secondly, Schedule D displays the proportionate relationship of the nonemployer contributing entity (The State of Montana) to all employers and the non-employer contributing entity's allocation percentage. Third, Schedule D displays the amounts and percentages of the overall non-employer contributing entity's contribution that is associated with each employer. Lastly, Schedule D displays all the allocation percentages described above for the measurement year (2017) as well as the previous year (2016) and the difference in the allocation from year to year (The Change in Proportion).

The allocation percentages in Schedule D are derived based on actual normal employer contributions made to TRS during the measurement periods (FY 2016 and FY 2017 normal employer contributions). Contributions other than normal employer contributions (termination pay contributions, working retiree contributions, buy back contributions, and in some cases MUSRP supplemental contributions) are not included in the allocation calculation but instead are included in total contributions and reported as deferred outflows/inflows of resources. There is a small amount of employer contributions that cannot be attributed to any specific employer due to timing differences. These employer contributions are utilized to reduce the Pension Expense of the system and therefore allocated to each employer equally. Employee contributions are also utilized to reduce the collective pension expense of the system.

The Schedule of Pension Amounts by Employer and Non Employer Contributing Entity (Schedule E) displays the various pension amounts, as of the measurement date (June 30, 2017), allocated to the employer and non-employer contributing entities. Some amounts are allocated to the employers and non-employer contributing entities based on the allocation percentages calculated in Schedule D. These amounts include each employer's proportionate share of the Net Pension Liability, the deferred inflows and outflows of the system, the proportionate share of the nonemployer contributing entity's Net Pension Liability, and the non-employer contributing entity deferred inflows and outflows of the system. Some amounts in Schedule E are calculated according to the standard. These amounts include the Change in Proportion & Difference between Employer Contributions and Proportionate Share of Contributions of the employer and non-employer contributing entity, and the Pension Expense of the employer and non-employer contributing entity.

As stated above, the deferred inflows and outflows of the system are allocated to each employer based on the allocation percentages calculated in Schedule D. These inflows and outflows of the system are calculated per the standard and include the Difference Between Expected and Actual Experience, the Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments, and The Changes of Assumptions. These deferred inflows/outflows of the system are recognized over time in the Pension Expense of the system per the standard. The amounts not recognized in the current measurement period (FY 2017) are recorded as deferred inflows/outflows of the system and allocated to employers. Therefore, each of these deferred inflows/outflows of the system incorporates several years' worth of information to comprise the totals. The deferred inflow/outflow for Changes of Assumptions includes amounts that have been deferred for previous measurement periods as well as the current measurement period (FY 2017). The changes of assumptions that were incorporated in FY 2017 (the current measurement period) were as follows. Since the previous measurement date the normal cost method has been updated to align the calculation of the projected compensation and the total present value of plan benefits so that the normal cost rate reflects the most appropriate allocation of plan costs over future compensation.

At the employer level, the difference between total employer contributions (including normal contributions, working retiree contributions, termination pay contributions, buy back contributions, and in some cases MUS-RP supplemental contributions) and the amount of the employers proportionate share of the total contributions for the system are recognized in pension expense according to the standard. The amount not recognized in the pension expense is reported as a deferred inflow or a deferred outflow of resources for each employer according to the standard. The change in the employer's allocation percentage from year to year is also recognized in pension expense according to the standard. The amount not recognized in the pension expense is reported as a deferred inflow or a deferred outflow of resources for each employer according to the standard. These two categories are combined in Schedule E and reported in the columns labeled Change in Proportion & Difference between Employer Contributions & Proportionate Share of Contributions.

At the system level, Schedule E displays total Change in Proportion & Differences between Employer Contributions & Proportionate Share of Contributions as a deferred outflow of resources in the amount of \$48,152,659 and total deferred inflow of resources in the amount of \$48,152,659 due to Change in Proportion & Differences between Employer Contributions & Proportionate Share of Contributions. These amounts offset each other therefore they do not impact the collective deferred inflows of resources and deferred outflows of resources for the system as a whole. This phenomenon is reported in a separate row totaling the Collective Pension Amounts of the System at the end of the schedule. This total does not include the \$48,152,659 in deferred inflows and outflows as they are not part of the collective pension amounts of the system.

The amounts in Schedule E allocated to the State as a non-employer contributing entity are included in the Total All Employers & State amount at the end of Schedule E. The State's (Non-Employer Contributing Entity) totals are displayed on a separate line total for clarity. Lastly, as state above, the Collective Pension Amounts of the System are also displayed at the end of Schedule E.
